

Building Homes, Building Community

Caring individuals and the local business community are coming together to support affordable housing in Dubois County by sponsoring the next life changing home build for a local family. Individuals and businesses of all sizes can contribute of any amount to support affordable housing. Will you join us?

Contributions will be themed around sponsorship of a wooden board to be used during construction. You will be able to give your signatures, messages, logos, etc. on your own board that will be used in our upcoming home build!

Through shelter, we empower.

The people that make Dubois County great deserve to live in a house they can afford. Affordable housing is one of the most pressing needs in our region, and we are asking you to join us to address the issue. A safe and stable home removes barriers to opportunity, success and health that impacts generations. Together we can build a Habitat home and a stronger community.

Your partnership with us will show your support of an important cause taking action to build a better community. Because we focus on empowerment, not entitlement - your support stretches further and not only helps change lives but acts as a permanent solution to ending the cycle of poverty and building a stronger community. Also, with a strong and trusted history of financial transparency, you can rest assured that your donation will go directly into action.

100% of our goal of \$100,000 will fund construction and affordable housing for Dubois families in Dubois County. Local support means local impact.

Whether you have lived in Dubois County for decades, or are a newcomer, chances are that you've heard about the Dubois County affordable housing crisis. When employees' housing situation is unstable, it impacts their work – and your business.

You know that when staff struggles with housing, it affects their work. Portions of our community pay between 50 and 70 percent of income on rent each month, leaving little room for saving, emergency funds – or spending in our local economy. The good news is that there is a solution, and you can be part of it! Habitat for Humanity of Dubois County builds new, affordable homes every year that are sold to locals at cost. We support this purchase with an affordable mortgage. The result? Our homeowners pay a mortgage they can afford - far less than the area's standard rent cost. This affordable housing translates into stable employees and strong communities.

You can be part of this important work by partnering with us on our Building Homes, Building Community Campaign. When you partner with us, you receive benefits like a volunteer workday for your team, promotion through our social media channels and inclusion on our website. This home will start construction in late summer and conclude in late spring 2022. Your gift will help another local neighbor move HOME.

Because of the generosity of our community, we helped a family again in 2020. Jaime F., and her two children of Jasper, will no longer have to worry about a place to live. Their new home was completed the end of January 2021. However, there is always another family out there trying to better themselves. We cannot help them build a home without your help. We need you to help Habitat for Humanity of Dubois County build the next home for a local family in 2021.

We hope you will consider a generous gift for our next Habitat home. Your gift can help build a future of strength, stability, and independence for families here in Dubois County. Your financial investment and dedication empower hardworking families to earn their way to homeownership with new strength that lasts for generations. We hope you can find it in your heart to do your part to give families hope.

Thank you very much for your compassion for the families who urgently need secure housing in Dubois County!

Thank you,

Michael Richard, Executive Director of Habitat for Humanity of Dubois County

michael@duboishabitat.org, 812-482-5995

We build strength, stability, and self-reliance through shelter

When you support our Building Homes, Building Community campaign, you will make an individual difference. As a financial supporter, you will have the opportunity to receive a wooden board to put messages on, logos or decorate as you wish. These boards will then be collected and used in our next Habitat home in Dubois County! We will have pick up and drop off days scheduled this fall for your boards. We will also have a board available for the public to sign at our ReStore location and Campaign Kick-Off Event in September.

Join Us for our Kickoff Rally!

*September 25, 2021, Market Street Park
Huntingburg at 3:00 PM*

Habitat for Humanity of Dubois County will kick off the Building Homes, Build Community campaign and home build with a free, public event. Guest speakers and staff will discuss the importance of shelter in our county and how Habitat is meeting the challenge.

This will also be an opportunity to sponsor or pick up a board for the campaign and meet other individuals and businesses in Dubois County that want to make a difference.
